Abstained: 3 Mayor Gallant, Scott

Deputy Mayor Gallant and Councillor Scott abstained from voting on the above motion as they were not in attendance.

In relation to the above motion, members of Council discussed the below:

- Councillor Scott indicated that he was somewhat disappointed with the outcome to withdraw the offer. He was hoping that the town would have gone back with a counter offer. Councillor Scott also indicated he was concerned about the designation of the Priest's House. He suggested some type of feedback from the owners may be helpful to reach a negotiation between the two parties.
- Deputy Mayor stated that he felt that the intention was to designate the Priest House as a Heritage Site as part of the Strategic Plan. He would like to see the two parties involved come together for discussion. He advised that it was not in anyone's interest to sell the Priest house and that the town should make every effort possible to purchase; that the two sides should work together in a positive framework. He also added that he would not like to see the town lose anymore of its artifacts and would like to see preservation of what we still have in the town.

- Councillor Roche indicated that she was also hoping that the town would go back with a counter offer and hoped that the two parties involved could work something out, however she does support the motion.
- Councillor Whitty stated that he supports the motion. That if there are any environmental issues then they should be disclosed. Also if a second counter offer is possible and necessary then it should be considered.
- Mayor commented that as a town and Council we would like to preserve as much as possible and designated as Heritage Site. Mayor also spoke of access issues and environmental issues and the possibility of this being a costly venture. That the price is currently not in the town's best interest and he was in favor of the motion.
- Councillor Smith advised Council that the issue was not closed that this motion was a way to protect the people and the town. This way we get to protect what we want and what we hope to achieve. That this decision to proceed with the designation of the Holy Trinity Presbytery and grounds does not close any doors. It fits within the parameters of a private sale and she supports the motion.

Councillor Thorne-Gosse returned to the Public Council Chambers at 6:30 p.m.

- Committee reviewed the application for a single family dwelling with an in-law suite. DOP noted that the single family dwelling is already approved in the development.

 - After the meeting the DOP spoke with the applicant and they have decided not to move forward with the in-law suite.
- b) Proposed building lots on Easterbrook Drive.
- Committee reviewed the proposal provided and DOP informed committee that there are at least three water allocations still remaining for the Easterbrook area.
